

## Großbritannien: SIN - UK Science and Innovation Network

18.02.2019 | Bildungs- und Forschungskooperation, Netzwerke in Forschung, Technologie und Innovation, Regierungseinrichtungen

 <https://www.gov.uk/world/organisations/uk-science-and-innovation-network>

To promote international collaboration, the Department for Business Energy and Industrial Strategy and the Foreign & Commonwealth Office jointly fund the UK Science and Innovation Network (SIN).

SIN has approximately 110 officers in over 40 countries and territories around the world building partnerships and collaborations on science and innovation.

SIN officers work with the local science and innovation community in support of UK policy overseas, leading to mutual benefits to the UK and the host country.
