

Israel: ITTN - Israel Tech Transfer Organization

04.08.2018 | Fördereinrichtungen/ Kontaktstellen, Netzwerke in Forschung, Technologie und Innovation

<http://www.ittn.org.il>

The Israel Tech Transfer Organization (ITTN) serves as the umbrella organization for Israel's technology transfer companies. These companies are affiliated with the country's world-renowned universities and research institutions. Currently, the 12 partnering organizations comprise the shareholders. ITTN intends to add more members from Israel's government-owned medical centers and research institutions. ITTN is a private non-profit organization.
