Colleges and Institutes Canada (CICan) is the national, voluntary membership organization representing publicly supported colleges, institutes, cegeps and polytechnics in Canada and internationally.

Known previously as the Association of Canadian Community Colleges (ACCC), CICan continues to champion the innovations, applied research, international development, and the employment or entrepreneurial opportunities that are created by its member institutions and partners all over the world.

CICan's members work with industry and social sectors to train learners of all ages and backgrounds at over 420 campuses serving urban, rural, and remote communities across Canada. The association is committed to quality education and skills development opportunities for all Canadians as a means to maximize labour market participation and support Canada's prosperity.
