 <http://www.genomecanada.ca>

Genome Canada is a not-for-profit organization, funded by the Government of Canada. Genome Canada acts as a catalyst for developing and applying genomics and genomic-based technologies to create economic and social benefits for Canadians. The organization

- connects ideas and people across public and private sectors to find new uses for genomics invest in large-scale science and technology to fuel innovation; and,
- translates discoveries into solutions across key sectors of national importance, including health, agriculture and agri-food, forestry, fisheries and aquaculture, the environment, energy and mining.
