

## Kanada: STIC - Science, Technology and Innovation Council

28.02.2018 | Politikberatung

[www.stic-csti.ca](http://www.stic-csti.ca)

The Science, Technology and Innovation Council (STIC) is an independent advisory body mandated by the Government of Canada to provide confidential advice on science, technology and innovation (STI) policy issues. This advice helps inform government policy development and decision making. STIC is also mandated to produce biennial, public State of the Nation reports that benchmark Canada's STI performance against international standards of excellence. These reports provide a common evidence base for understanding Canada's STI system.
