The Foundation for Science and Technology (FCT - Fundação para a Ciência e a Tecnologia) is the Portuguese national funding agency for science, research and technology.

The mission of the FCT consists of continuously promoting the advancement of scientific and technological knowledge in Portugal, exploring opportunities that become available in any scientific or technological domain to attain the highest international standards in the creation of knowledge.

This mission is mainly accomplished through the funding, subsequent to the evaluation of the merit, of proposals presented by institutions, research teams or individuals in public open calls, and also through cooperation agreements and other forms of support in partnership with universities and other public or private institutions, in Portugal and abroad.
