

Republik Korea (Südkorea): KCUE – Korean Council of University Education

27.06.2018 | Bildungsorganisationen

<http://english.kcue.or.kr/>

The Korean Council of University Education is the representative association of four year universities in the Republic of Korea. The KCUE strives to promote cooperation among its member institutions and improve university education through autonomous dialogue and coordination on key issues. Its work includes university admissions coordination and support, accreditation, policy research, faculty/staff training, and international cooperation.
