The National Research Foundation (NRF) was established as an independent government agency, through the National Research Foundation Act (Act No 23 of 1998). The mandate of the NRF is to promote and support research through funding, human resource development and the provision of the necessary research facilities in order to facilitate the creation of knowledge, innovation and development in all fields of science and technology, including indigenous knowledge, and thereby contribute to the improvement of the quality of life of all South Africans.
