Zeitraum: 09.06.2021 - 10.06.2021 Ort: Stuttgart Land: Deutschland

Hydrogen Technology Conference & Expo is a conference and exhibition dedicated exclusively to discussing advanced technologies for the hydrogen and fuel cell industry. The event will bring together the entire hydrogen value chain to focus on developing solutions and innovations for low-carbon hydrogen production, efficient storage and distribution as well as applications in a variety of stationary and mobile applications.

More than 65 international speakers and 400 attendees will come together to discuss the latest technologies and engineering solutions, advanced materials, manufacturing equipment, infrastructure, as well as test and evaluation tools and services to finally commercialize hydrogen as a mainstream provider of clean, renewable energy.

More information can be found on the conference website.
