Erscheinungsdatum: November 2017 | Länderberichte und -studien

With some 200 indicators drawing on the latest internationally comparable data, the 2017 edition of the OECD Science, Technology and Industry (STI) Scoreboard shows how the digital transformation affects science, innovation, the economy, and the way people work and live. It aims to help governments design more effective science, innovation and industry policies in the fast-changing digital era.

The Country Highlights summarize the key findings and indicators for individual countries.
