Erscheinungsdatum: 27.05.2020 | Fachberichte und -studien, Innovation: Analysen, Innovation: Indikatorik

The "Science, Research and Innovation performance of the EU, 2020" (SRIP) analyses Europe's performance in science, research and innovation and the driving factors behind that performance in a global context. It combines thorough indicator-based macroeconomic analysis with deep analytical research on important policy topics. This is a flagship publication for the Commission's research and innovation department. New editions will come out every 2 years.
