The online platform "Kooperation international" offers in-depth information on international cooperation activities in the field of research and innovation. The platform provides analyses of the research and innovation systems of selected countries with particular focus on their cooperation with Germany, information on current topics and trends, such as digitalization and the transfer of knowledge (mostly in German), and features topical news, events and funding opportunities. To keep up to date on current developments in this field, you are invited to subscribe to Kooperation international's free customisable info service.
