Stichtag: 11.09.19 | Programmausschreibungen

Diese Ausschreibungsrunde der ORA basiert auf einer Vereinbarung zwischen der Nationalen Forschungsagentur (ANR; Frankreich), der Deutschen Forschungsgemeinschaft (DFG), dem Rat für Wirtschafts- und Sozialforschung (ESRC; UK) und dem Rat für Sozial- und Geisteswissenschaftliche Forschung (SSHRC; Kanada). Vorschläge können in allen Bereichen der Sozialwissenschaften eingereicht werden. Es besteht wieder die Möglichkeit für die Zusammenarbeit mit Projekten in Japan.

### Open Research Area for the Social Sciences (ORA): Sixth Call for Proposals 2019/2020

In order to strengthen international cooperation in the field of social sciences, wishing to fund high quality scientific research within their own countries, and aware that some of the best research can be delivered by working with the best researchers internationally, ANR, DFG, ESRC and SSHRC are launching a sixth ORA call for proposals in order to fund the best joint research projects in social sciences. The scheme will provide funding for integrated projects by researchers coming from at least three of the four subscribing countries – in any combination of three or more countries. Please note that the Netherlands Organisation for Scientific Research (NWO; Netherlands) will not be participating in this sixth ORA Call.

Proposals may be submitted in any area of the social sciences. However, the disciplinary coverage varies according to the involvement of the national agencies. Applicants who are uncertain of whether their proposal would be eligible should contact the relevant national agencies for clarification.

There is again a special opportunity for cooperation with projects in Japan. With the aim to strengthen cooperation between researchers in Japan and ORA partners, the Japan Society for the Promotion of Science (JSPS) as the national funding organisation of Japan renews the funding scheme to support projects which are associated with ORA.

This call will follow a two-stage procedure consisting of an outline proposal and a full proposal. Applicants who are successful at outline will automatically progress to full stage. Unlike the previous round, applicants will be invited to submit outline and full proposals at the same time, rather than waiting for the results of the outline stage. Deadline for the submission of proposals is 16.00 (UK time) on 11 September 2019.

Two webinars for potential applicants on 3 July 2019 will be open to participants from around the world, and will provide information and guidance from the funders. Registration for the webinars will close on 21 June 2019.
