

## Schweden: VR - Swedish Research Council

25.11.2019 | Fördereinrichtungen/ Kontaktstellen, Politikberatung

<http://www.vr.se/inenglish>

The Swedish Research Council (VR - Vetenskapsrådet) is an authority within the Ministry of Education and Research.

It is the largest external research funding body at Swedish higher education institutions and funds research within all academic fields.

Besides research funding, the agency advises the government on research-related issues and participates actively in the discussions to create understanding of the long-term benefits of research.
