

G20 Insights – Beratung der G20 durch Think20

<https://www.g20-insights.org/>

Erscheinungsdatum: fortlaufend | Strategiedokumente

The G20 Insights Platform offers policy proposals to the G20. It is a new initiative of the Think 20 Engagement Group.

Policy Briefs contain recommendations or visions and cover policy areas that are of interest to G20 policymakers. The majority of the Policy Briefs has been developed by a corresponding Think20 Task Force.

T20 Recommendations Reports tie related policy proposals made under different G20 Presidencies into a common policy advice framework. They aim to leverage connections between T20 research organizations as well as other stakeholders to address well-defined global problems, in order to support G20 policymakers and to aid business and civil society organizations in complementing G20 policy efforts.
