ECO („Environmental Coastal Offshore“) Magazine is a marine science publication committed to bringing scientists and professionals the latest ground-breaking research, industry news, and job opportunities from around the world.

To mark the start of the United Nations Decade of Ocean Science for Sustainable Development, ECO Magazine and IOC-UNESCO have partnered to produce a digital magazine to showcase activities that contribute to the Decade’s seven outcomes that characterise the ocean we want by 2030. The Special Issue: UN Decade of Ocean Science was published in May 2021.
