Erscheinungsdatum: zuletzt 23.09.2021 (jährlich) | Fachberichte und -studien

Since 2020, the International Arctic Science Committee (IASC) publishes its annual State of Arctic Science Report. It aims to be a cohesive synthesis of international Arctic research activities and priorities, as gathered from the Arctic research community itself. This report is aimed at Arctic science agencies, Arctic science managers, and Arctic science users including a wide range of decisionmakers and policymakers, to help all Arctic science stakeholders stay up to date on Arctic research.
