Stichtag: 11.01.2019 | Stipendien

Das Flagship-Programm "Young Transatlantic Innovative Leaders Initiative Fellowship" wurde vom US-amerikanischen Außenministerium und der Stiftung German Marshall Fund ins Leben gerufen und soll junge europäische Unternehmer und Innovatoren beim Aufbau und der Entwicklung von Geschäftsmodellen unterstützen. Ziel ist es zudem, ein transatlantisches Netzwerk aufzubauen. Die Bewerbungsfrist wurde bis zum 11. Januar 2019 verlängert.

The application Deadline has been extended to Friday, January 11, 2019, 5:00 p.m. EST

Launched in 2016, the Young Transatlantic Innovative Leaders Initiative Fellowship is the flagship program of the Young Transatlantic Innovation Leaders Initiative (YTILI) of the US Department of State and is supported in its implementation by The German Marshall Fund of the United States (GMF).

YTILI empowers young European entrepreneurs and innovators with the tools, networks, and resources they need to grow their enterprises and contribute more fully to economic development and job creation, security, and good governance in the region. YTILI is also a vehicle for building a transatlantic network of innovators that can contribute to an ongoing policy dialogue that strengthens the transatlantic relationship.

In 2019, the YTILI Fellowship will engage young European entrepreneurs in a series of professional development and leadership activities that are designed to support the growth and development of commercial and social business ventures in their home communities. The fellowship includes an Opening Summit in Europe, a week-long experience in a U.S. host city, a Closing Conference in Washington, DC, and online engagement-training opportunities. The 2019 YTILI Fellowship year runs from April 1, 2019 to October 31, 2019 with U.S. travel components planned for September 2019.
