# ZIM / EUREKA: 12. Deutsch-Israelischer Aufruf für gemeinsame FuE-Projekte

https://www.eurekanetwork.org/content/12th-german-israeli-call-joint-rd-projects

Stichtag: 28.11.2019 | Programmausschreibungen

Deutschland und Israel geben eine Aufforderung zur Einreichung von Vorschlägen für gemeinsame FuE-Projekte zur Entwicklung innovativer Produkte und Anwendungen in allen Technologie- und Anwendungsbereichen bekannt. Von den Antragstellern wird erwartet, dass sie marktreife Lösungen für Produkte, technologiebasierte Dienstleistungen oder Methoden entwickeln, die ein starkes Marktpotenzial für Deutschland, Israel und Europa haben. Partner bewerben sich für ihr FuE-Projekt für ein Eureka-Label, ein europaweites Netzwerk für marktorientierte FuE.

## 12th German - Israeli Call for joint R&D projects

Germany and Israel are announcing a Call for Proposals for joint R&D projects, focusing on developing innovative products and applications in all technological and application areas. Applicants are expected to develop ready-to-market solutions for products, technology-based services or methods which have strong market potential for Germany, Israel and Europe. Partners apply for their R&D project for a Eureka label, a pan European network for market-oriented R&D.

The Israel-Europe Research & Innovation Directorate ISERD and the German Federal Ministry for Economic Affairs and Energy (BMWi) will provide access to public funding for joint projects provided by The Innovation Authority and by BMWi's ZIM program (Central Innovation Program for SMEs), respectively. Minimum requirement concerning the project consortium is the participation of at least one company of each of the participating countries.

The program is managed in cooperation and in line with the procedures of the Eureka initiative.

ISERD and BMWi (supported by the Eureka-Office, Bonn and the ZIM project management agency) will provide all necessary assistance to project partners during the project proposal, evaluation and monitoring phases. In addition, both ISERD and the Eureka-Office will facilitate the Eureka application process and acquisition of the Eureka label for accepted proposals and will accompany the progress of the respective Eureka projects.

The call invites partners to present joint proposals for industrial R&D projects till November 28th, 2019.
