

## Australien: CSIRO Data61

16.08.2018 | Forschungseinrichtungen und -infrastruktur

<https://www.data61.csiro.au/en/>

CSIRO's Data61 is Australia's leading data innovation group which was officially formed in 2016 from the integration of CSIRO's Digital Productivity flagship and the National ICT Australia Ltd (NICTA).

The Data61 team with more than 1,100 staff, including 415+ resident PhD students, is located across 14 sites in New South Wales, ACT, Victoria, Queensland, Tasmania and Western Australia.
