 <http://www.elot.gr/>

In Greece, ELOT is the sole national body responsible for the elaboration, approval, publication and distribution of Hellenic Standards. The elaboration of Standards is entrusted to ELOT's Technical Committees and Working Groups, in which interested parties from both the Public and the Private Sector are represented, in order to achieve maximum possible consensus among them.

In this framework, ELOT operates more than 190 Technical Committees and Working Groups, members of which are more than 1100 distinguished Greek scientists.

ELOT provides information services on Standardization, Certification, Testing, Quality and EU Legislation issues, either electronically or by phone, mail etc. It also provides specialized open or in house training courses, in topics related to Standardization, Certification, Testing, Quality and EU Legislation.
