

RTR Conference: EU-Konferenz zu Forschungsergebnissen im Bereich Straßenverkehr

<https://rtrconference.eu/>

Zeitraum: 14.02.2023 - 16.02.2023 Ort: Brüssel Land: Belgien

For the past 6 years, the RTR (Road Transport Research) Conference has been an entry point into the achievement of EU-funded projects in road transport. This year, participants will learn about Horizon2020 projects' results and expected impacts, and what the next research steps are in essential areas for road transport: Green Vehicles, Urban Mobility, Logistics, Intelligent Transport Systems, Safety, Automated Road Transport. The conference will deliver a holistic view of how the European research scene is moving forward in these fields, bringing benefits to the environment, economy, and European society overall.

The conference will take place in person in Brussels from February 14 to 16.
