

Successful R&D in Europe: 2nd European Networking Event

 <http://www.frp.nrw.de/network>

Zeitraum: 04.03.2010 - 04.03.2010 Ort: Düsseldorf Land: Deutschland

For the second time, the conference invites researchers and entrepreneurs from North Rhine-Westphalia and partner regions in Europe to find new European R&D partners for FP7 projects. In 2010, partner regions partner regions beside North Rhine-Westphalia are: Belgium, France, the Netherlands, Luxemburg, Poland and Russia. The first event in 2009 was a great success with over 200 participants.

The networking event will be structured in parallel brokerage sessions focussing on three topics:

- Information and Communication Technologies
- Energy
- Nanotechnology and Production Technologies

The event addresses especially small and medium-sized enterprises and universities. Participants are invited to become involved in established and new technology networks between researchers, entrepreneurs and multipliers related to FP7. Giving a short presentation or finding a partner by talking to decision-makers opens doors for new FP7 projects.
