

EU-CELAC Interest Group

02.11.2018 | Fördereinrichtungen/ Kontaktstellen, Netzwerke in Forschung, Technologie und Innovation

 <https://www.eucelac-platform.eu/>

The EU-CELAC Interest Group organizes joint activities inviting all funding agencies from Europe and Latin America wishing to collaborate in science, technology and innovation.

The Interest Group builds on the long-standing collaboration experience and mutual trust established in past European-funded projects, such as ERANet-LAC or ALCUENET.

This collaboration has allowed the funding of bi-regional research and innovation projects through joint calls organised by ERAnet-LAC.
